## CELEBRATION OF INDEPENDENCE DAY HELD HERE ATTRACTS HUGE CROWD; SPEAKERS URGE BOOSTING OF AREA

**Fireworks Display, Speeches, Drills and Music by Cadet Corps, Contribute to Interesting Program Held in Memorial Park Last Evening — Bristol Clubmen's Association Sponsoring The Affair.**

An estimated 5,000 people witnessed the Independence Day celebration of a fireworks display, speeches and music, at Bristol's Memorial Park. Burgess I. J. Hetherington, Sr., and John Smoyer, III., were the speakers for the affair. Joseph Antonelli was presented a bicycle by Chester W. Terchon Post, V. F. W. Bruno Nonini, president of the Clubmen's Association of Bristol, the sponsoring organization, acted as chairman.

Mr. Nonini, in opening the program, said: "I wish to thank everyone who had a part in making this program possible, and I feel that they have done a very good job. I hope that everyone will enjoy it. It has been a lot of work and we have been planning it for the last seven months." He then presented Burgess Hetherington.

Burgess Hetherington said: "We all owe a debt of thanks to the Clubmen's Association of Bristol for this celebration of the 174th birthday of the greatest nation on the face of the earth. It is the only nation where the people are free and know just what freedom is. This nation is on the edge of another catastrophe which might lead to war. I am not going to discuss this, but I will say that when this nation has gone on trial, and if it goes to war, the American people will never be found letting it down."

"Bristol is older than the nation. Samuel Cliff was granted 262 acres of ground by the governor of New York. In 1697 Bristol was known as Buckingham. In 1705 the first county court house was built in Bristol and in 1720 Bristol was incorporated. In 1814 The Farmers National Bank of Bucks County came into existence. It was one of the first banks in this part of the country, and was the first in this town when Lafayette came here is now under the porch roof of the Robert W. Bracken Post home and can be seen at any time. Bristol has played a large part in the building of this great nation. Many of our boys and girls have supported this nation in time of war. In the first world war, 497 men and women answered to the colors and 16 paid the supreme sacrifice. In this last war I believe it was around 3,000 that answered to the call of the colors and 87 paid the supreme sacrifice. So it has come to a time when each and everyone

Firemen went to the aid of a farmer near Chalfont at the end of the week when his hand was caught under a baling. The one in difficulty was L. J. Kaltstein, 43.

Mr. Kaltstein was working under the baling in a field on his farm and in some manner his hand was caught in the mechanism. The member having been drawn into the machinery, he was held helpless for more than 90 minutes.

Members of the family were unable to free him, and called for the services of the firemen. Using crowbars and other tools, the firemen forced apart the axel and another part of the machine that held the arm fast.

Taken to a hospital in the Chalfont ambulance, Kaltstein received treatment for a severely lacerated left wrist which required six stitches.

Officers were elected Wednesday at an organization meeting of the Quakertown-Tohickon joint school board, comprising five school districts, held in the Quakertown high school.

## STUDENTS ENROLL FOR R. C. CENTER

### 122 Students from 64 Junior And Senior Schools Will Attend Camp

### FIVE-DAY PROGRAMME

A total of 122 students from 64 junior and senior high schools in city and suburban Philadelphia area have enrolled for the Junior Red Cross Leadership Center sponsored by the Southeastern Pennsylvania Chapter. It was announced this week.

The youngsters, ranging from 12 to 17 years of age, will attend the camp at Bynden Wood, near Wernersville, from July 10th through July 14th. All expenses, including transportation, are provided.

The five-day program is designed to provide volunteer training for Junior Red Cross and future Red Cross leadership. Dr. Henry Gideon, chapter JRC chairman, said. He pointed out that the center will help to develop leadership abilities and furnish guidance for community and international services.

All of the students enrolled have been recommended by their high school principals or teacher-sponsors and have demonstrated leadership as Junior Red Cross officers and members or in other school activities.

A full program of educational, recreational and sports activities has been arranged for the teenagers. In addition to the regular schedule each student will have an opportunity to enroll in one elective class, including dramatics, newspaper writing, correspondence albums, sewing and novelty paper work.

Five volunteer instructors, all school teachers, and members of the Red Cross staff will conduct the classes and serve as counselors.

The following students from this area have enrolled for the JRC Leadership Center:

Lower Bucks Branch: Rose Marie Doneker, Highland avenue, Andalusia, Bensalem Township High School; Jeanne Davis, 727 Cedar street, Bristol, Bristol High School.

Dorothy Jones, 1950 Maple avenue, Sara Ott, 913 Rosa avenue, Croydon, Bristol Township High School.

## Farewell Given Quigleys Before Leaving This Area

Officials and diplomats in Washington continued efforts to devise a formula making unmistakably clear that the defense of South Korea was a United Nations task.

Reaction at Lake Success to reports of mediation plans was that now was not the time for talk and that nothing could be mediated until the invaders withdrew. The Japanese Cabinet adopted a policy of peaceful co-operation with the United Nations, and the British Commons is expected to endorse almost solidly the Government's support of steps taken by the United Nations and the United States.

The Korean crisis threw a pall over Fourth of July observances held in this country and abroad. Gen. Mark Clark called the situation "critical and dangerous," a note struck by other speakers. John Foster Dulles, in Washington, said we would all "have to pay a price" in the "costly" work of preventing "international murder."

Failure to oppose the "outrageous invasion" of South Korea would have been "another kind of Munich," General Eisenhower declared. He told the Boy Scout Jamboree that "any among us who embraces communism or its purposes thereby becomes an enemy of America."

### FULL-FLEDGED COMBAT WITH TANK-LED NORTH KOREAN FORCES

### PUSH ON TO TAEJON

### Multi - Pronged Offensive Chops Off South Korea's Northwest Corner

By Howard Handman

(Far Eastern Director, I. N. S.)

TOKYO, July 5—(INS)—Mortar-firing American troops were locked in full-fledged battle today with tank-led North Korean forces bearing down on Taejon as part of a multi-pronged offensive that has virtually chopped off South Korea's northwest corner and the port of Inchon.

Communist infantry, paced by eight modern Russian-made tanks, smashed south beyond the captured air-communications hub of Suwon and opened a violent attack on U. S. ground units in what appeared to be a drive aimed at the more important center of Taejon.

The American unit that sustained the first impact of the Red assault was under command of Lt. Col. Charles D. Smith of Lambertville, N. J. A dispatch direct from the scene by International News Service Correspondent Ray Richards

## ADVANCE ARCHITECTS' PRELIMINARY WORK

### Soundings Being Carried Out At The Carnegie Steel Corp. Tract, It Is Said

### OFFICIALS PAY VISIT

MORRISVILLE, July 5 — Preliminary work for the architects and engineers in advancing at the site chosen by Carnegie-Illinois Steel Corporation, a subsidiary of United States Steel Corporation, for its proposed new plant near here, it has been learned.

Soundings are being carried out on the huge acreage to determine the type of foundation and type of buildings for which the ground is best suited. A re-survey of the entire tract is also being made, according to unofficial information gathered today. The acreage is said to approximate 3800.

During last week the Philadelphia Chamber of Commerce entertained officials of the United States Steel Corporation and of Carnegie-Illinois Steel Corporation on a boat trip up the Delaware River to the tract.

Among other activities in connection with the transfer of the land to the new steel firm are advancement of plans for removal of bodies from private burial grounds on the tract. Judge Edward G. Biester was asked last month to grant permission for removal of bodies from two burial grounds—Pennsbury and Pemberton—to the Falls Monthly Meeting United, at Fallsington. The action was taken in Quarter Sessions court on June 6th, and Judge Biester indicated that he would sign the necessary papers for removal of the bodies.

The two grave-yards date back to William Penn's day. Pennsbury burial ground was last used in 1936 for burial purposes, and the last

## Honeymoon Interrupted As Bridegroom Is Hurt

SELLERSVILLE, July 5—A couple wed recently had their honeymoon halted when the bridegroom sustained fractures of several ribs and puncture of a lung.

Gerald Snyder was injured at Atlantic City, N. J., and his injuries were diagnosed in a hospital in that city. He was later admitted to Grand View Hospital, here, then permitted to return home.

Snyder will be unable to work for two weeks, it is stated.

### Eleven Cases Heard In Juvenile Court

DOYLESTOWN, July 5—Eleven cases were heard in juvenile court chambers here on Friday by President Judge Hiram H. Keller.

Of the 11 girls and boys whose cases were heard, two were committed to industrial schools. One boy who had been on probation was sent to the Pennsylvania Industrial School, Camp Hill, and another was committed to Kis-Lyn Industrial School, Luzerne County.

### HOSPITAL TREATMENT

Charles Quigley, Bath Addition, was surprised on Wednesday evening when upon arriving at Harriman Methodist Church for choir practice, he found members of the choir ready for a "dogie" roast. The affair was arranged as a farewell for Mr. Quigley.

The following proceeded to the home of Mr. and Mrs. P. Peters, Edgely for the evening: Arthur Hornberger, Mr. and Mrs. John Vansoest, Mrs. Roger German, Mr. and Mrs. William Vansoest, Mr. and Mrs. Bruce Phillips, the Rev. R. L. Carlson, the Misses Kathryn Bauer, Joyce Versprille, Doris and Margaret Wilkinson.

Mr. Quigley and family left this section Friday, and are occupying a cottage at Ship Bottom, N. J., for the summer.

## Mrs. Sadie Hanson Long, Bridgewater Road, Dies

BRIDGEWATER, July 5—A resident of this community for 23 years, Mrs. Sadie Long (nee Hanson), died Monday at the age of 53 years. Wife of Harry M. Long, Sr., she resided on Bridgewater road. Mrs. Long was a member of the Episcopal Church of the Redeemer, Andalusia.

In addition to her husband, Mrs. Long is survived by a daughter and three sons. Mrs. Ethel Keyser, Leonard L. and Clifford J. Long, of Bridgewater road, and Harry M. Long, Jr., Arlington, Va.; her parents, Mr. and Mrs. Joseph Hanson, Andalusia; and two sisters, Mrs. Mary Barnett and Mrs. Josephine Donahue, Andalusia.

The drowning of a 12-year-old girl near Fallsington, and an automobile accident near the Bristol Cemetery in which three persons were injured, totalled this area's additions to the Fourth of July casualty list.

The dead girl is Pauline Moyer, daughter of Mr. and

Mrs. William R. Moyer, of Souderton.

She drowned in the Delaware river yesterday, off the old Manor wharf near King Farms, at about 2:40 p. m., while the family was on

a picnic excursion on an island in the river.

The Moyers and the Rotenberger family, of Quaker-

town, had returned a boatload of picnickers to the Pennsylvania shore when a storm came up. Pauline and two

brothers and a sister, David, 10, Webster, 15 and Edna, 11, together with John Rotenberger, 30, remained behind.

Pauline went under as she bathed in the river and

stepped into a hole in the channel about 10 yards from

shore. Her brother Webster and Rotenberger made a vain

attempt to save her, but were unsuccessful.

The body was found at 5:30 p. m. by members of the

Lower Bucks County Marine Association.

### IT CAN STOP IN KOREA

When North Korean forces invaded South Korea it was immediately clear that the United States and the United Nations had been challenged by Russia. The only questions were whether this country would choose to stand or retreat and whether the UN would be able to act resolutely against aggression.

Now the world knows the answer. The attack on South Korea lent force to the case General MacArthur has been making for a stronger policy in East Asia; presumably it changed Secretary of State Acheson's mind; and President Truman, himself convinced that the time had come to stop drifting, found all his advisers ready for a clear-cut decision. The boldness of his announcement was enough to dispel doubts on the UN Security Council and cause that body to authorize military sanctions against the North Korean regime.

So now it is being said that the United States has done what France failed to do when Hitler marched into the Rhineland. It is also being said that the United Nations has dared to take a step the League of Nations was afraid to take when the Japanese seized Manchuria. These analogies are close enough to be instructive.

It is certainly true that failure to stand by Southern Korea in the face of an armed attack by a Russian puppet regime would have invited new Soviet moves later.

What no one knows is whether the Russians are running a bluff. Japan might have withdrawn from Manchuria if the League of Nations had taken a determined stand. Hitler had given orders, in advance, to stop the march into the Rhineland if France mobilized.

But policymakers at Washington and the members of the UN Security Council cannot be sure that Stalin will pause now—even though he must know that the alternative is a third world war.

Stalin has been given an exit from his position if he cares to take it. President Truman's statement did not mention Russia but blamed the attack on "communism." The Security Council's resolution avoided putting the responsibility for the situation on the Soviet.

Koreans are killing Koreans—and now Americans are taking a hand. But it can stop there if the Russians do not send in Russians, or Chinese, to help Koreans kill Americans. That inference is as plain as the fact that Washington and the UN both felt compelled to take a calculated risk, at this stage, by refusing to accept a defeat in Korea.

A baby born in Missouri is reported to have adult lungs. As an embryo politician he's already equipped for sound.

Current pessimism may be caused by the realization that mankind hasn't achieved anything that weapons and the politicians cannot knock down.

It was last December that announcement was made that a steel fabricating plant, gasoline refinery and large housing project might soon become a reality on the tract south of this borough, along the Delaware River, the multi-million-dollar development being backed by the U. S. Steel Corporation, one of the four largest concerns in the country. At that time the firm cautioned against any immediate hope that it would build a mill in Falls township. It was pointed out that at that time location of a plant at that site would permit docking of ocean vessels which could bring iron ore from the U. S. Steel ore development in Venezuela.

## ST. ANN'S DROPS 3RD GAME; LOSES TO TRENTON NINE

TRENTON, N. J., July 5 — St. Ann's A. A. dropped its third straight game of the Trenton Industrial League, Monday evening, losing to the Trenton Pirates, 6-3, in a game called at the end of the sixth because of rain.

Paul Brock started on the hill for the "Saints" and gave way to Dave Muth in the first when the Pirates scored four times. Muth pitched fine relief ball.

"Cappy" Jones held the St. Ann's team at bay despite its nine hits.

## YMCA LEAGUE WILL MEET AT TERRACE

The newly organized Bristol Township Y.M.C.A. Baseball League will conduct an important meeting this evening at eight o'clock at the Bristol Terrace Community center. This league includes teams that were formerly entered in the Bristol Y.M.C.A. boys youth league and in addition teams from the Township area. The teams now entered in this league are First Ward, Second Ward, Jefferson A. C., Fourth Ward, Harriman, Celtics, Terrace I, Terrace II, Newportville, Winder Village, Edgely, Croydon, Croydon Manor, and West Bristol. Managers of these 14 teams and managers of other teams desiring to enter the league are requested to be at this meeting.

The delay in the starting of play for this league has been due to a lack of playing fields. Several playing fields will be completed in time for the beginning of play Monday, July 10. As several important items must be discussed, it is imperative that all teams be represented at this meeting.

## ATWOODS TO PLAY ST. ANN'S HERE

St. Ann's A. A. will meet the Atwoods this evening at six o'clock in a Trenton Industrial League game on Memorial Park field. The "Saints" will attempt to break its losing streak of three straight games.

From a league lead of two games, the Bristol team has dropped until it is now deadlocked for the top-notch position with Micharski. Micharski has won one game more than the local team while in the defeat column, it has also lost a game more.

It is most likely that "Dave" Muth will do the throwing for the St. Ann's team with either Joe Ellmer or Barney Ludwig behind the plate. Manager "Spike" Scordia is not contemplating any changes in the rest of the lineup.

the people again that has laid dormant for a long time. I am told the celebration will be bigger and better in 1951. The Clubmen's Association is very active in all affairs of Bristol and is doing a lot of good for the town. I know that you are going to enjoy this affair and I think everyone should know what the association is. It is made up of several organizations including Bucks Lodge, No. 1169, Loyal Order of Moose; St. Ann's A. A.; Goodwill Hose Company, No. 3; Bristol Fire Company, No. 1; Sons of Italy; Clinton J. Lewis Lodge, No. 201; Terchon Post, V. F. W.; Ukrainian-American Club; and Mutual Aid Society. Another organization that is doing wonderful work for the community is the Bucks County Rescue Squad. I do not need to tell anyone around Bristol what it is doing. It is the finest squad in the state."

In closing, Mr. Smoyer said: "A 'Ladies' Night' auction was conducted by Perkasie Rotary Club Thursday evening, with over 100 present. The sum of \$588 was netted."

Robert A. Benner, who served as auctioneer, found bidding, especially on the part of the women, quite lively. Each Rotarian took an article to be sold, and each bought one.

Two hand-carved bird houses went to the high bidder for \$23, and Roscoe Moyer, offered to donate the largest turkey he raises this year. This created much interest with bids thick and fast. The highest bid received was \$23. It is expected the bird will be delivered at Thanksgiving or Christmas.

of us should in our prayers every night ask for deliverance from war, and guidance for our leaders to prevent war.

"This is a great nation," Burgess Hetherington declared, "and this is a great town. One of the best in the state. In fact I think it is the best in the nation. It is my home town. The people are the best in this town and Bristol can be whatever the people want it to be. You have a vote and everyone should be sure and use it to elect the men who will stand on their own two feet and make Bristol the greatest town in the nation. We all know that Bristol is growing and growing fast. In the next few years it will even grow more, as there are more and more industries coming into this area all the time. Each and everyone of you should work for the community as we all know good government comes from the community. Attend your council meetings which are held the second Monday of every month. Take an interest in your town. Let your councilmen know what is expected of them and what you want. Don't be afraid to talk, as every American has a right to talk and let it be known what he wants.

Borough council is now working on an equalization of taxes in the borough. This is not to raise the taxes but to make it fair to everyone instead of just a few paying them all. When this happens you will have nothing to worry about as there will be plenty of work here in Bristol, as a lot of plants are coming here and they will need a lot of workers."

In closing, Burgess Hetherington said: "I wish to thank Mr. Nonini and the Clubmen's Association of Bristol, for making this affair possible, and I also wish to thank the Bucks County Rescue Squad for its part in this celebration. The thought I want to leave with you is to talk first for Bristol, don't knock it, and let's all work together and make a bigger and better Bristol."

The Terchon Post (V. F. W.) Junior cadet drum and bugle corps drilled and rendered music. Mr. Nonini introduced Henry R. Kornstedt, Jr., commander of the V. F. W., who said: "The Clubmen's Association deserves a lot of credit for putting on this affair, and I am sure everyone will enjoy it. As most of you know, the V. F. W. has a marble tournament every year. It is held locally, and in the county, district and state. Joseph Antonelli was the champion from Bristol and represented the Chester W. Terchon Post at county, district and state competitions. He won the county and district championship and was fourth in the state. So the post at this time is presenting Joseph with a bicycle."

All Joseph was able to say upon receiving the bicycle was "thanks."

The Robert W. Bracken Post (American Legion) Cadets drilled and played several selections.

John Smoyer, III, president of borough council, was introduced. Mr. Smoyer said: "On this 174th anniversary of the birth of our great nation it is quite proper to hold this celebration, and as most of you know it is put on by the Clubmen's Association. They have given the people of Bristol a program that will be remembered. They have brought civic activity to

said field headquarters implied that the Yanks hurled back the initial Communist armored onrush.

The dispatch described the embattled American unit as "okay."

It was the first pitched battle engagement for American ground forces airlifted into Korea, following inaugural action against the invaders by an advanced U. S. infantry force on the Fourth of July which was termed as a preliminary "small" skirmish.

For the first time in the 11-day-old Korean war, the Communist invaders—now numbering scores of thousands of Soviet-trained troops with powerful tank and artillery support—ran up against mortar fire when they tangled with the Americans.

Other senior corps who will march will be the Hamilton Post of Baltimore, Md.; Reilly Raiders, Philadelphia; Archer-Epler, Philadelphia, and the Syracuse Post of Syracuse, N. Y.

Marching in the junior competition will be the St. Joseph cadets of Irvington, N. J.; the Hamilton juniors of Baltimore, Md.; the Audubon all-girls corps of Audubon, N. J., and the Bracken cadets of Bristol.

Any person interested in traveling to the competition may contact the Legion home for reservations on a chartered bus which is scheduled to leave here at three p. m. Saturday.

**Tells Hulmeville Council  
Street Condition is Good**

HULMEVILLE, July 5.—Report received by Hulmeville borough council on Monday evening, in regard to Ford, Reetz and Lincoln avenues, on which thoroughfares hard-surfaces were laid several months ago, was to the effect that these streets are in "excellent" condition. This report was made by Mr. Haines, of the Pennsylvania State Highway Department, after councilmen had expressed fear that the streets were not up to par. Mr. Haines explained that there has not been sufficient traffic on the streets in question to bring up the oil and seal the stone. One low spot noted will be brought up to requirements, he assured council.
